

Lonely Avenue

Tenoren en baritonnen

Walk down Lonely Avenue
Now my baby's gone
Feelin' hopeless, feelin' blue
'cause my baby's gone
Walkin' alone, heart like a stone
My baby's gone and I'm on my own.

She took my boat and sailed away
I just wonder why
On a dark and cloudy day
There was no good-bye
What can I do? Lonely and blue
I take a train to Kalamazoo...

Walk down Lonely Avenue Avenue
Now my baby has gone, gne, gone
Feelin' blue, my baby's gone
'cause my baby's gone, all alone
now my baby's gone and I'm on my own

She took my boat and sailed away
Sailed away, oh why
I'm just wondering why, why, why
Cloudy day, no good-bye
No good-bye, no good-bye, can I do?
I think I take a train to Kalamazoo...
